SUMMARY

Motivated and detail oriented professional with solid experience as an FC Associate, specializing in warehouse operations, inventory management, and order fulfillment. Skilled in using warehouse management systems, maintaining safety standards, and resolving workflow issues efficiently. Proven ability to thrive in fast-paced environments while supporting team collaboration and operational goals. In addition to logistics expertise, I work as a **Freelance Web Developer**, building responsive, user-friendly websites using HTML, CSS, JavaScript, and PHP. Passionate about clean design and functionality, I develop custom solutions for small businesses, including eCommerce platforms and event booking systems. Combining hands-on operational experience with growing technical skills, I bring a versatile and dependable approach to every role.
